paragraph (1XO. and where the agency employee determines that such financial interest is not so substantial as to be considered likely to affect the integrity of the laboratory employee's service in that matter.

(3) Not later than 180 days after the date of enactment of this Act, each agency which has contracted with a non-Federal entity to operate a Government-owned laboratory shall submit a report to the Congress which includes a copy of each contract provision amended pursuant to this subsection. Reports.

(4) No Government-owned, contractor-operated laboratory may enter into a cooperative research and development agreement under section 12 of the Stevenson-Wydler Technology Innovation Act of 1980 unless—

(1) that laboratory's operating contract contains the provisions described in paragraph (1XA) through (F); or

(2) such laboratory agrees in a separate writing to be bound by the provisions described in paragraph (1XA) through (F).

(5) Any contract for a Government-owned, contractor-operated laboratory entered into after the expiration of 150 days after the date of enactment of this Act shall contain the provisions described in paragraph (1XA) through (F).

(e) TECHNOLOGY TRANSFER FUNDING AND REPORT.—Section ll(b) of the Stevenson-Wydler Technology Innovation Act of 1980 (15 U.S.C. 3710(b)) is amended—

(1) by striking "after September 30,1981,";

(3) by striking "not less than 0.5 percent of the agency's research and development budget" and inserting in lieu thereof "sufficient funding, either as a separate line item or from the agency's research and development budget.";

(4) by striking "The agency head may waive" and all that follows through "waives such requirement, the" and inserting in lieu thereof "The"; and

(5) by striking "reasons for the waiver and alternate plans for conducting the technology transfer function at the agency," and inserting in lieu thereof 'agency's technology transfer program for the preceding year and the agency's plans for conducting its technology transfer function for the upcoming year, including plans for securing intellectual property rights in laboratory innovations with commercial promise and plans for

managing
such innovations so as to benefit the competitiveness of United
States industry.".

PART D—ENVIRONMENT, SAFETY, AND MANAGEMENT

SEC. 3141. DEFENSE WASTE CLEANUP **TECHNOLOGY PROGRAM**

42 USC 7274a.

(a) ESTABLISHMENT OF PROGRAM.—The Secretary of Energy shall establish and carry out a program of research for the development of technologies useful for (1) the reduction of environmental hazards and contamination resulting from defense waste, and (2) environmental restoration of inactive defense waste disposal sites.

Research and development.

(b) COORDINATION OF RESEARCH ACTIVITIES.—(1) In order to ensure nonduplication of research activities by the Department of Energy regarding technologies referred to in subsection (a), the Secretary shall coordinate the research activities of the Department of Energy relating to the development of such technologies with the research activities of the Environmental Protection Agency, the Department
